

Steve Weiss Music

Contributed by Larry Lawless
Wednesday, 25 June 2008

Jazz Behind Bars is now also available through Steve Weiss Music, www.steveweissmusic.com.

If you are a percussionist, you need to be aware of Steve Weiss. One of the oldest stores for specializing in stuff for the drummer and percussionist, I have been a customer for years. Especially for published music for percussion, they have the most extensive catalog of anyone.
